STUDENTS FALLING BEHIND IN SCHOOL

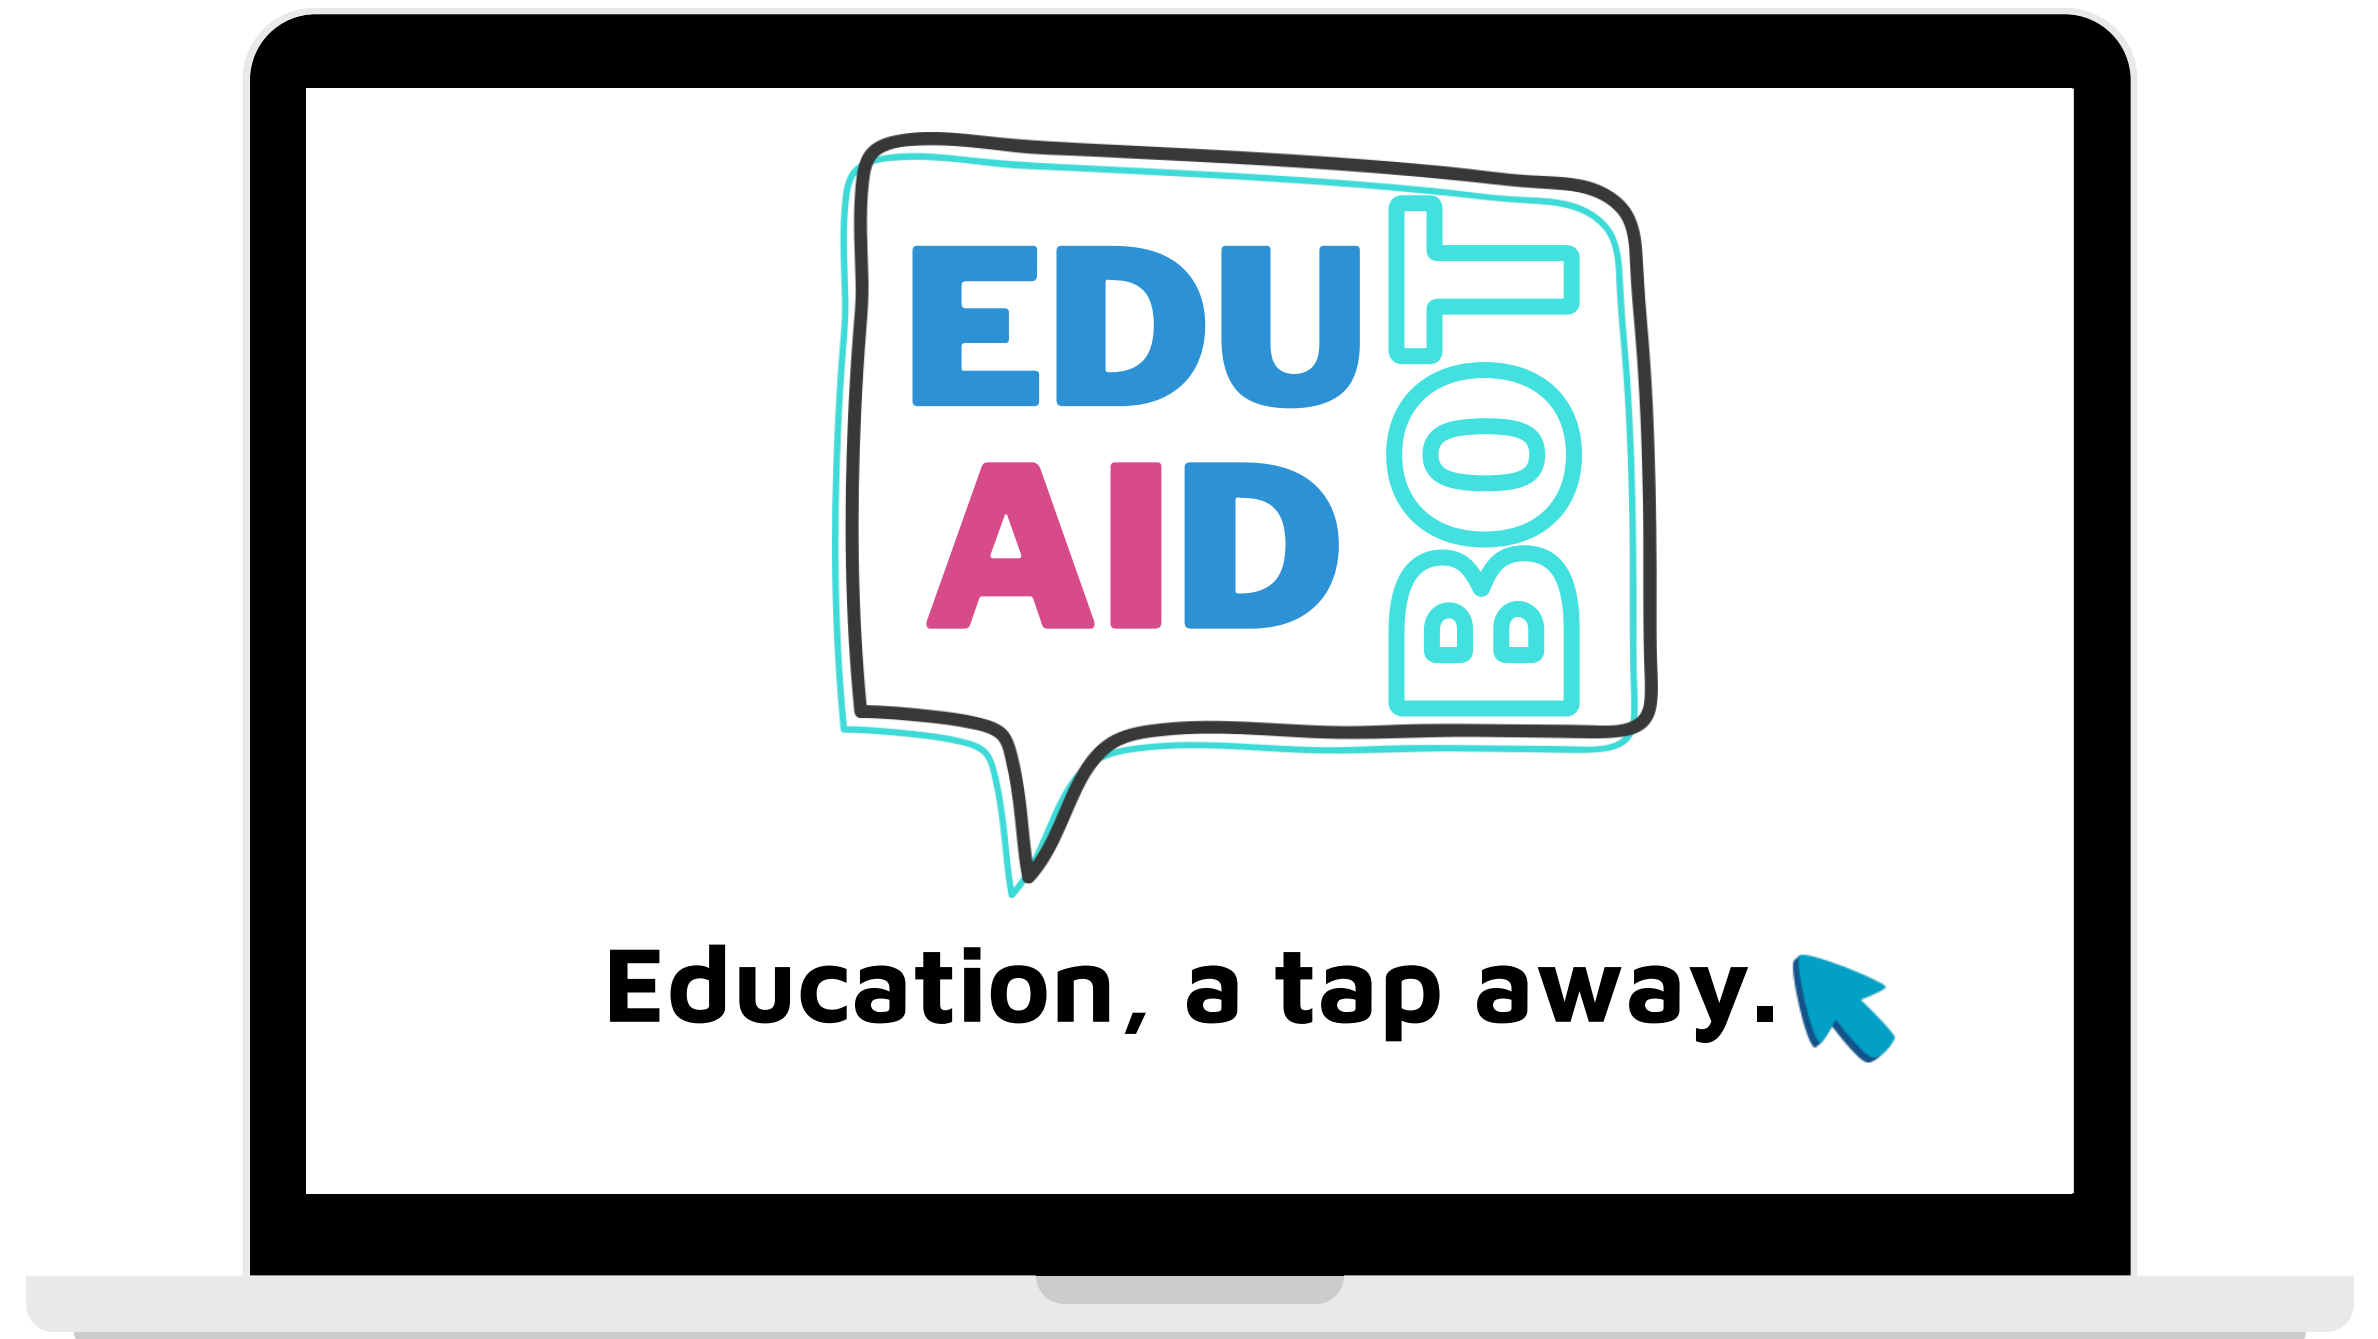

"New research suggests that by September, most students will have fallen behind where they would have been if they had stayed in classrooms, with some losing the equivalent of a full school year's worth of academic gains."

NY Times

SOLUTION

What do families need in terms of online education?

- 24/7 Access to secured resources
- Cross platform availability (mobile/PC)
- Ways to monitor their student's progress and engagement

Case Story

- Due to COVID-19 and quarantining Jessica and Michael, mother and father of 2, lost their jobs.
- While they both receive unemployment benefits, SNAP, and Section-8 they struggle with the new concept of homeschooling their children.
- School is now over and there isn't a guarantee they'll reopen in the Fall.
- Neither know where or how to start.

Education AID, a tap away.

EDU AID BOT is a chat bot system that allows users to search any academic question, providing multiple resources to answer their problems in the best and easiest way possible.

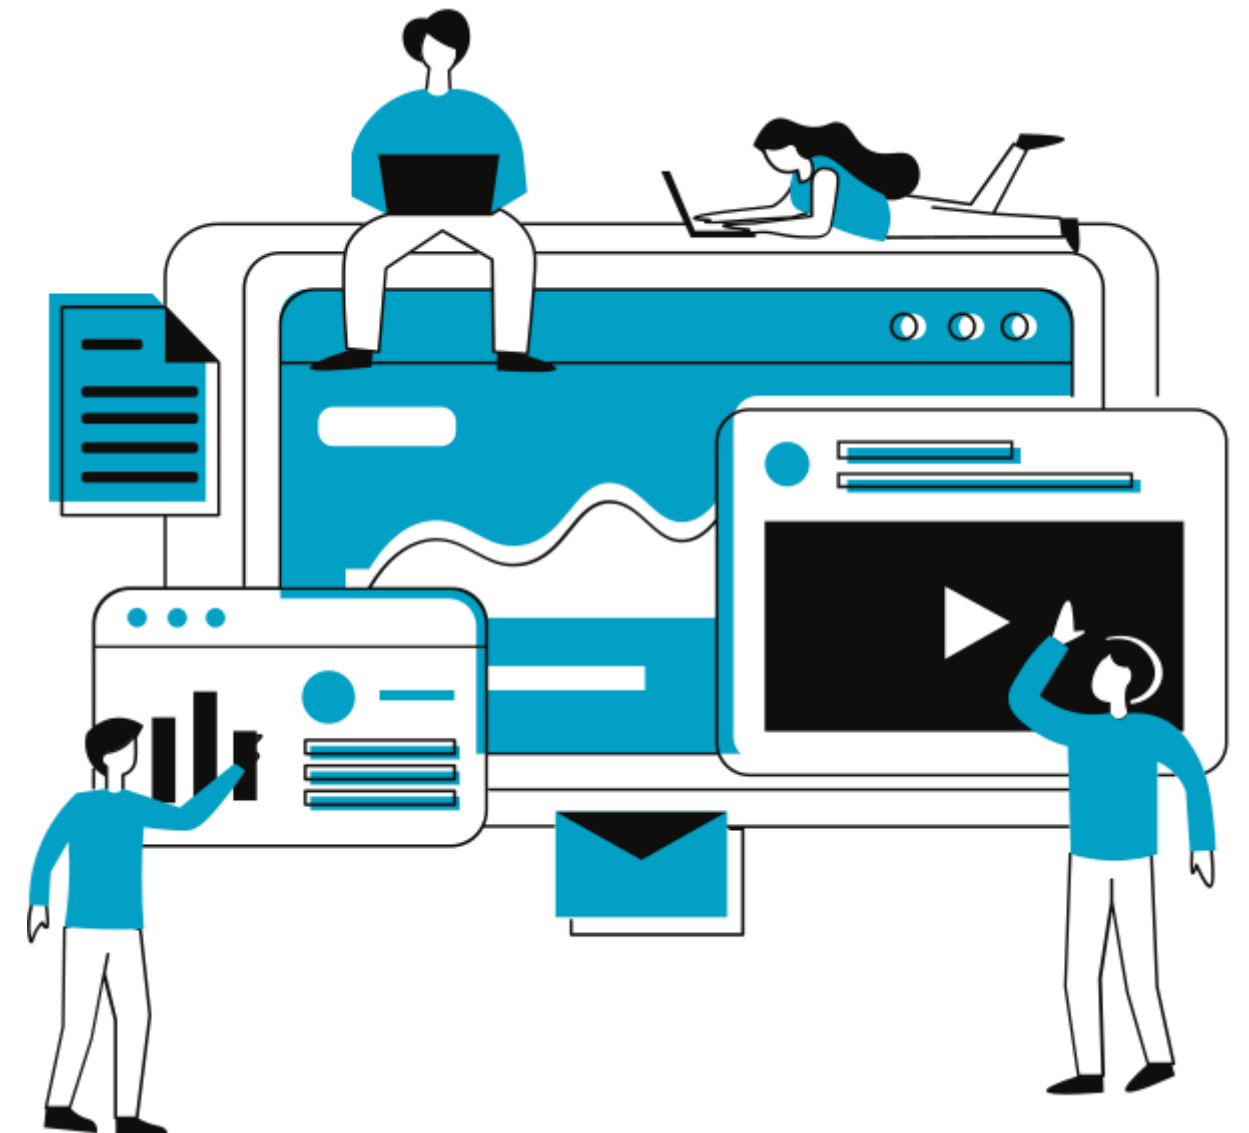

Education AID, a tap away.

The chatbot ready to meet your academic needs.

-  Get resources on any academic topics
-  Personalized curriculum for your student
-  Easiest way to get student caught up after quarantine

FEATURES

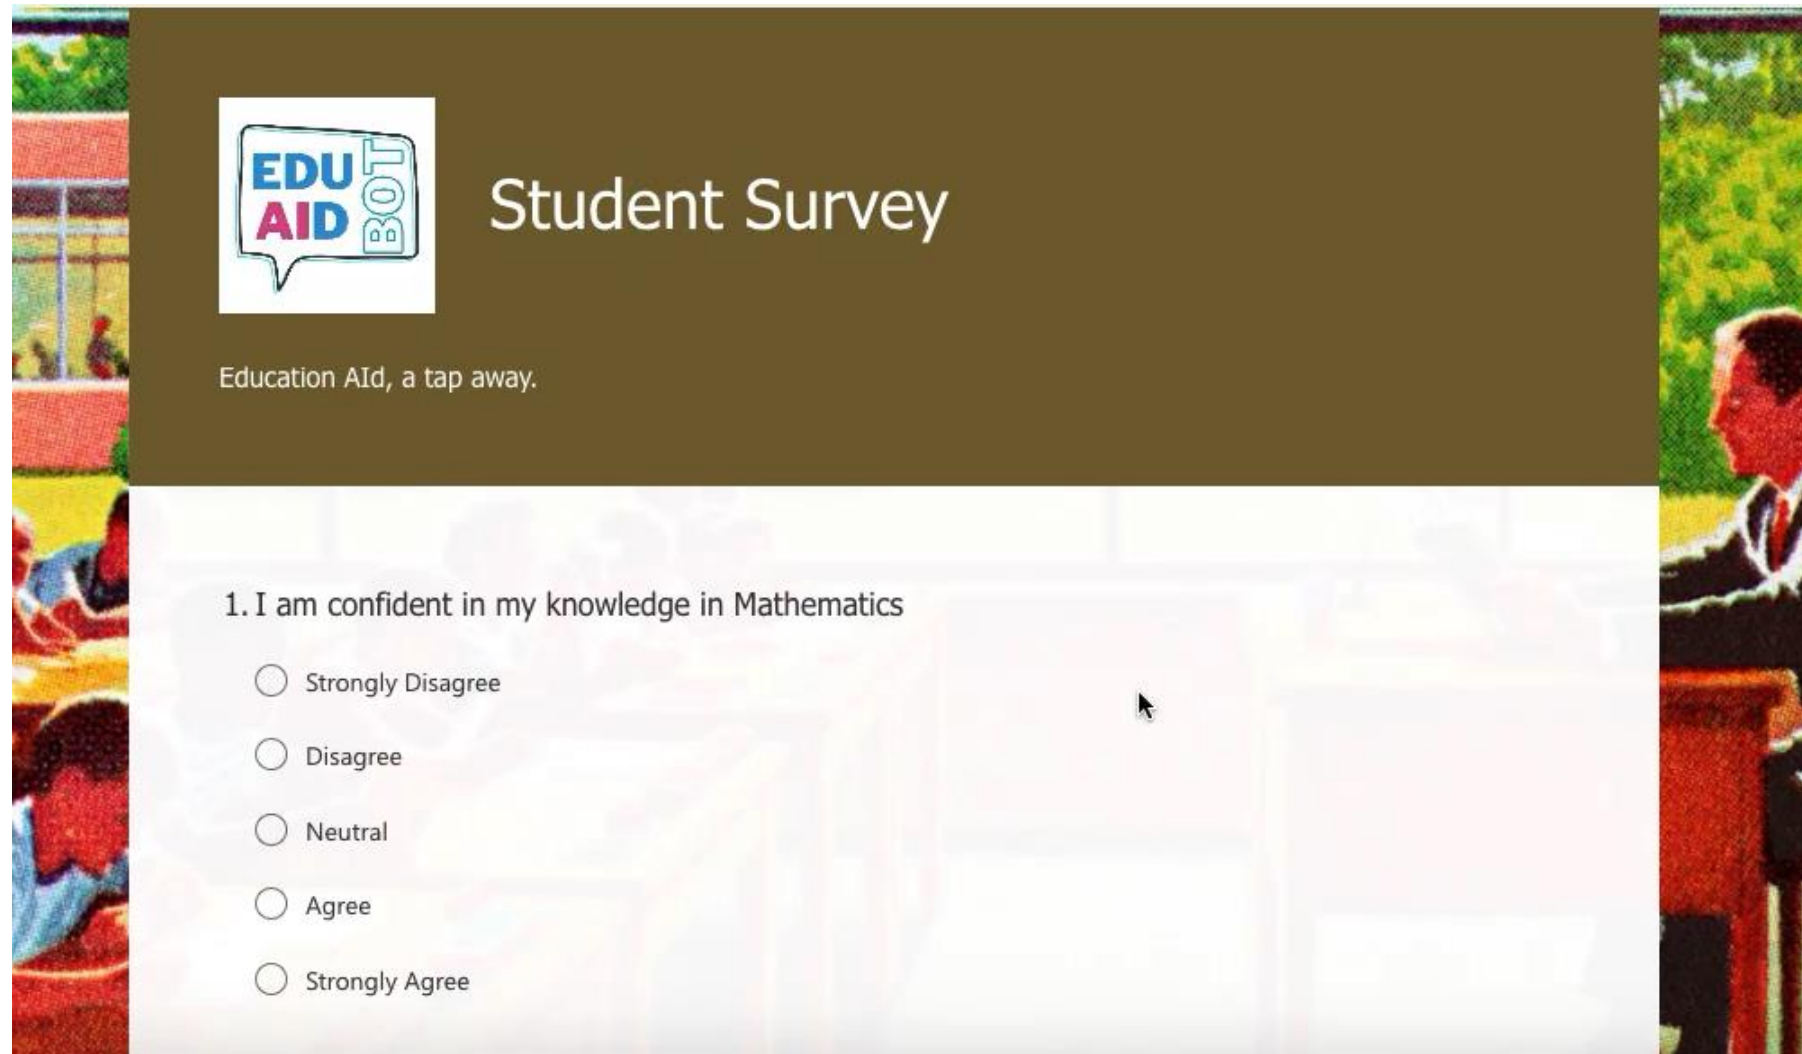

Personalized Curriculum

3 Easy Steps:

-  Parent should fill out the EDU AID BOT Personalized Curriculum Form with general information about their student
-  Student should take the EDU AID BOT 5 Subject Test to check levels of understanding
-  Your personalized curriculum is READY!

DEMO

The image shows a digital interface for a 'Student Survey'. At the top, there is a brown header bar. On the left of this bar is the 'EDU AID' logo, which consists of the words 'EDU' and 'AID' in blue and pink respectively, next to a blue speech bubble containing a white house icon. To the right of the logo, the text 'Student Survey' is written in white. Below the header, the background is a blurred image of a classroom with students at desks. The survey question '1. I am confident in my knowledge in Mathematics' is displayed. Below the question are five radio button options: 'Strongly Disagree', 'Disagree', 'Neutral', 'Agree', and 'Strongly Agree'.

Results

- Jessica and Michael are provided devices by their school district to continue remote learning.
- They are able to use EDU Aid Bot to identify where their children are struggling and make a plan for academic success.
- Although the future is uncertain, their children can still get the education they need from the comfort of their home.
